Fox Valley Grantmakers Announce First Round of COVID-19 Grants

AURORA, IL – The **Fox Valley Grantmakers COVID-19 Response Fund** announced its first round of COVID-19 relief grants on April 10, 2020, totaling \$150,000.

The fund was launched last month and is the collaborative work of **Aurora Women’s Empowerment Foundation (AWEF)**, **Community Foundation of the Fox River Valley (CFFRV)**, **Dunham Fund (DF)**, **Fox Valley United Way (FVUW)**, and **INC Board**. Rapid-response grants made from the fund will aid eligible nonprofits who have demonstrated significant need as a result of the COVID-19 pandemic.

More than 30 nonprofits applied to the special COVID-19 Grantmaking Program within its first week. A committee of representatives of these five grantmakers meets weekly to review applications and determine allocations. While each request is important and reflects the struggle of all nonprofits, priority is being given to organizations supporting basic human needs including but not limited to food, shelter, safety, health, and mental health.

“This level of interest in the grantmaking program reflects the level of need in the Fox River Valley,” said Scott Voris, chair of CFFRV. “We are proud to be a partner in committing our resources and networks toward a unified goal of supporting our community during this crisis.”

The following nonprofits were approved for funding:

- Association for Individual Development (AID)**
- Family Focus**
- Farmworker and Landscaper Advocacy Project - FLAP**
- Habitat for Humanity of Northern Fox Valley**
- Hesed House**
- Hope for Tomorrow, Inc.**
